Hope Haven will be hosting the fourth annual *Free Them* 5K and 1-mile fun run on October 21, 2017. I would like to take this opportunity to personally ask for your support. Hope Haven depends entirely on the business community, churches, and individuals to support our ministry to victims of **human trafficking**. Thank you for considering supporting us this year.

Each year we have increased in number of participants; this year we anticipate approximately 200. We have an event volunteer base of approximately 50. This affords you an excellent opportunity to promote your business and show the community that you support our efforts to not only help victims but to also raise awareness in our schools and community.
